Investor materials complete	YES	Likely fundraising candidate	NO

HOW THE 6-MONTH PROBABILITY WAS REACHED

Baseline from readiness score XX/100: XX%
+X.X% [Positive signal detected in the deck]
−X.X% [Negative signal detected in the deck]
−X.X% [SECTOR] sector financing dynamics
+X.X% Capital market environment: [ENVIRONMENT]
Final 6-month probability: XX%

WHAT LIMITS CONFIDENCE

- [Confidence note 1: what a specific missing input cost]
- [Confidence note 2: what a specific missing input cost]
- [Confidence note 3: what a specific missing input cost]
- [Confidence note 4: what a specific missing input cost]
- [Confidence note 5: what a specific missing input cost]

N of the model's critical fields were not provided; values shown as Not Provided were never inferred.

Financing probability estimates are model-based assessments, not guarantees of financing outcomes. · This report estimates financing probability based on company-supplied information, model assumptions, and available market context. It does not predict investor behavior with certainty and does not constitute investment, legal, tax, or securities advice.
